

Community Involvement Drives Teen Safety

THE PROGRAM:

Drivers should continually be aware of the responsibility they are entrusted with when behind the wheel. ION-KIDZ helps our young drivers be more conscientious by displaying a decal on their vehicle. This decal identifies their vehicle, to the community as being a teen driver. ION-KIDZ drives teen safety through community involvement.

HERE IS HOW IT WORKS:

- Register your vehicle with ION-KIDZ
- Place the ION-KIDZ decal on your teen's vehicle.
- If a member of the community wishes to report an incident **to you**, they call the voice automated toll free number **(888) ION-KIDZ** and say the license number. The caller is then prompted to provide a detailed description of the incident or activity.
- The recording is emailed directly to the Parent / Registrant.

BENEFITS OF THE ION-KIDZ PROGRAM:

- (1) The parents benefit by knowing that the community is involved in keeping an eye on their teen driver.
- (2) The student benefits because the program helps ensure their safe actions.
- (3) The community benefits as this helps ensure teen drivers are operating safely on the roads.
- (4) The PTA sponsoring the program benefits as their organization will receive \$10 per Registration.

PTA / PTO / PTSO REGISTRATION FORM

Date: _____

Contact Name	High School
Contact Email	PTA Contact Phone
Approx # of Students	PTA to receive Donation
Requested Program Date	** Payment made to Org. within 30-days of Program Completion **
